CURRICULUM VITAE

Taiba Dilshad

Email: taibadilshadksa@gmail.com | Contact: +966-571021824 | IQAMA: Transferable |
Location: Riyadh, KSA | www.linkedin.com/in/taiba-dilshad-926202285

Professional Summary:

Enthusiastic and detail-oriented Software Engineering student seeking an opportunity to apply coding and development skills in a practical environment. Strong understanding of software development lifecycle, teamwork, and debugging, with a commitment to learning and professional growth.

Education:

- **Perusing Bachelor of Science (Information Technology and Computing – Web development)** – Arab Open University, Riyadh Saudi Arabia.
- **Perusing Bachelor of Computer Application** – Amity University, India – Online
- **Higher Secondary (CBSE)** – Yara International School, Riyadh, Saudi Arabia (2025)
- **Matriculation (CBSE)** – Yara International School, Riyadh, Saudi Arabia (2023)

Technical Skills:

Programming & Frameworks: Python | Java | JavaScript | HTML | CSS | VS Code
Databases & Tools: MySQL | GitHub | VS Code | Visual Studio
Development: Web & Mobile App Development | UI/UX Design (Figma) |

Soft Skills

- Communication
- Time Management
- Teamwork
- Problem Solving
- Adaptability & Critical Thinking

Training and Certifications:

- Python
- Java Fundamentals

Professional Experience:

Internship - Web development

- Developing user-facing features using HTML, CSS, and JavaScript.
- Creating responsive and interactive web pages.
- Building server-side logic and APIs using languages such as Python, PHP, etc.
- Designing and maintaining databases SQL and writing efficient queries.
- Designing and optimizing database schemas.
- Writing database queries and stored procedures.
- Managing data migration, replication, and backups.

Skills: Software Development | SQL | Data Analytics | GitHub | Python | Web Services | Postman | UI/UX

IT Project # 1 - Internship - Darma AI Shield Early Skin Cancer Detection using AI

Synopsis: The skin cancer detection application utilizes machine learning algorithms to analyze medical images and accurately identify early-stage skin cancer. It can provide real-time results, allowing for timely intervention and treatment. The application has the potential to significantly improve survival rates for skin cancer patients by detecting the disease at an early stage.

IT Project # 2: - Number plate detection using python and OpenCV

- **Synopsis:** The project basically uses python and OpenCV to implement an efficient number plate detection system. It basically captures the number plates and read it which helps in the efficient working of toll system, traffic surveillance, parking management.

PERSONAL INFORMATION:

Father's Name:	Dilshad Ahmed
Date of Birth:	14th Jan 2007
Nationality:	Indian
Marital Status:	Single
Religion:	Islam
Language Known:	English (Fluent) Arabic, Urdu and Hindi
IQAMA Status:	Transferable

Current Location: Riyadh, Saudi Arab *Date:*
